Lesson 1 - Course Introduction

Welcome

Welcome to the *B777 Aircraft Systems for Dispatchers — Introduction* course.

This course walks you through an introduction to the Boeing B777 aircraft, as well as its manuals. There are two models of the B777:

- ➔ 777-200
- ➔ 777-300

This course is intended for Dispatchers working with the B777.

This course should take approximately 30 minutes to complete.

Areas of Operation

The American Airlines B777 operates in these areas:

- Domestic
- South America
- Europe
- Pacific (Polar Routes)

Lesson 2 - Manuals Overview

Additional Manuals

Several additional manuals are available.
